Weight, 100 Blades 1 lb.

## MARSHALLTOWN BRICK HAMMERS

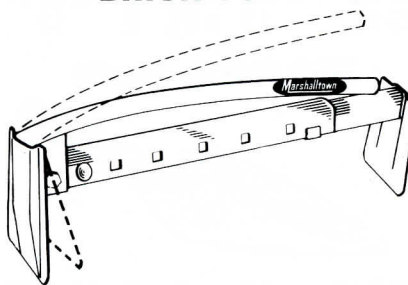

These high quality hammers are forged in one piece. Perfectly balanced and securely fitted with a comfortable hickory handle. Preferred by the trade.

No.	Wt.	Handle	Package Box	Case
†600	16 oz.	12"	4	24
†601	24 oz.	12"	4	24

Weight, 12 16-oz. hammers 17 lbs.

Weight, 12 24-oz. hammers 23 lbs.

## MARSHALLTOWN BRICK TONGS

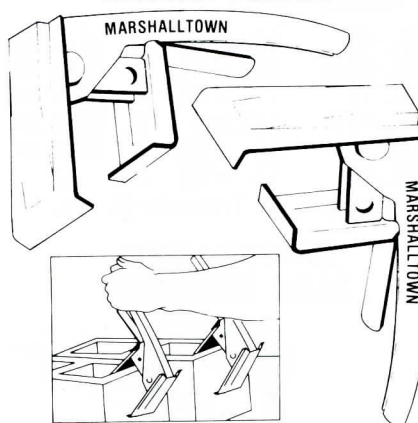

These heavy duty tongs are designed and built for long wear. Can be quickly adjusted to carry from six to ten bricks. These tongs save time, money; and are maintenance free.

No.	Min. Length	Package Box	Case
88	16 inches	1	12

Weight, 12 Tongs 60 lbs.

## MARSHALLTOWN BLOCK TONGS

These heavy-duty block tongs make the task of handling block faster and easier. These tongs save time/money: load, strip, set and move block with less effort ...and without gloves. A true material handling breakthrough.

No.	Package Box	Case
†87	1 pr.	12 pr.

Weight, 12 pr. 50 lbs.

## MARSHALLTOWN MASON'S LINE

170 lb.  
Test

### 100% Twisted Nylon

This quality line manufactured from the best yarn, then after winding it is "heat-set" to stabilize the twine. Not affected by mortar, oil, mildew and will not absorb water.

No.	Size	Ft. per Tube	Color	Package Tube	Case
620	#18	285	White	1	48
621	#18	285	Yellow	1	48

Weight, 1 case 12 lbs.

### 100% Braided Nylon 150 lbs. Test

Many prefer braided mason's line over twisted. It handles better and if struck by a trowel will not unravel. Not affected by extreme moisture or dryness—won't mildew—stays taut.

No.	Size	Ft. per Tube	Color	Package Tube	Case
622	#18	250	White	1	48
623	#18	500	White	1	24
624	#18	500	Yellow	1	24
626	#18	500	Green	1	24
625	#18	1000	White	1	12
627	#18	1000	Green	1	12
†628	#18	1000	Yellow	1	12

Weight, 1 case 12 lbs.

## MARSHALLTOWN WOOD LINE BLOCKS

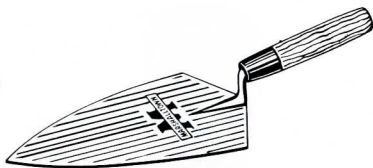

This popular wood line block is preferred by many bricklayers.

No.	Length	Package Bag	Case
86	3 3/4"	1 pr.	180 pr.

Weight, 180 pr. 36 lbs.

Weight, 12 Floats 10 lbs.			

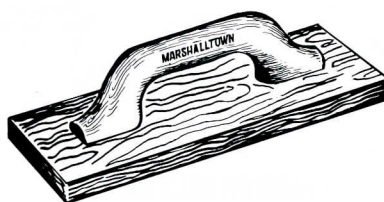

## MARSHALLTOWN XTRA-HARD WOOD FLOAT

This xtra-hard wood float outlasts several ordinary wood floats and won't "fuzz up". Smoothly finished wood handle securely attached.

No.	Size	Package Box Case
†147	16 x 3 1/2	6 18
Weight, 18 Floats 25 lbs.		

## MARSHALLTOWN WOOD FLOATS

Clear seasoned wood, 3/4 inch thick, finished smooth and equipped with smooth handle.

No.	Size	Package Box Case
44	12 x 5	4 24
144*	16 x 3 1/2	6 18
*(Has Beveled Front Edge)		
Weight, 12 Floats 14 lbs.		

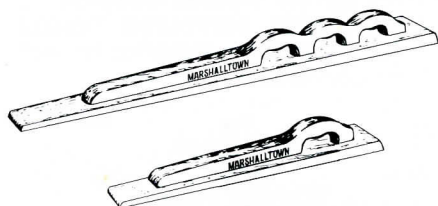

## MARSHALLTOWN MOLDED RUBBER FLOAT

Molded black rubber pad with a very dense texture. Securely cemented to aluminum backing; Smooth handle.

No.	Pad	Size	Package Bag Case
40	5/8	9 x 4	1 24
Weight, 12 Floats 12 lbs.			

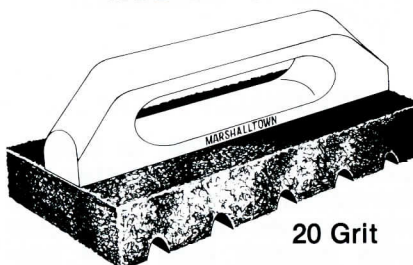

## MARSHALLTOWN MAHOGANY DARBIES

These straight grain mahogany darbies are the best available. Unique two-way tapered blade is 3 1/2" wide by 3/4" thick at heel and 2" wide by 1/2" thick at toe. The 45" darby is fitted with a smoothly finished 3-loop handle; the 28" darby has a single loop handle.

No.	Size	Package Case
†150	28"	6
†151	45"	6
Weight, 6—28" 10 lbs.		
Weight, 6—45" 17 lbs.		

## MARSHALLTOWN RUB BRICKS

20 Grit

These rub bricks have a fluted silicon carbide stone with comfortable handle securely attached. Ideal for dressing down and removing form marks from concrete.

No.	Size	Package Box Case
†840	6 x 3 x 1	1 5
†841	8 x 3 1/2 x 1 1/2	1 5
Weight, 5 No. 840 bricks 10 lbs.		
Weight, 5 No. 841 bricks 19 lbs.		

## MARSHALLTOWN TILE GROUTERS FLOAT

This lightweight float designed specifically for tile grouting: pure gum rubber face bonded to dense rubber pad, then cemented to aluminum backing with smooth handle. Edges are beveled and the two front corners rounded for ease of spreading.

No.	Pad	Size	Package Bag Case
43	3/4	9 x 4	1 24
Weight, 12 Floats 10 lbs.			

## MARSHALLTOWN MAGNESIUM BULL FLOATS

This float is made from the finest extruded magnesium alloy available. Lightweight, long wearing and properly balanced. Very popular with cement finishers.

No.	Size	Package

## POWER TROWELS

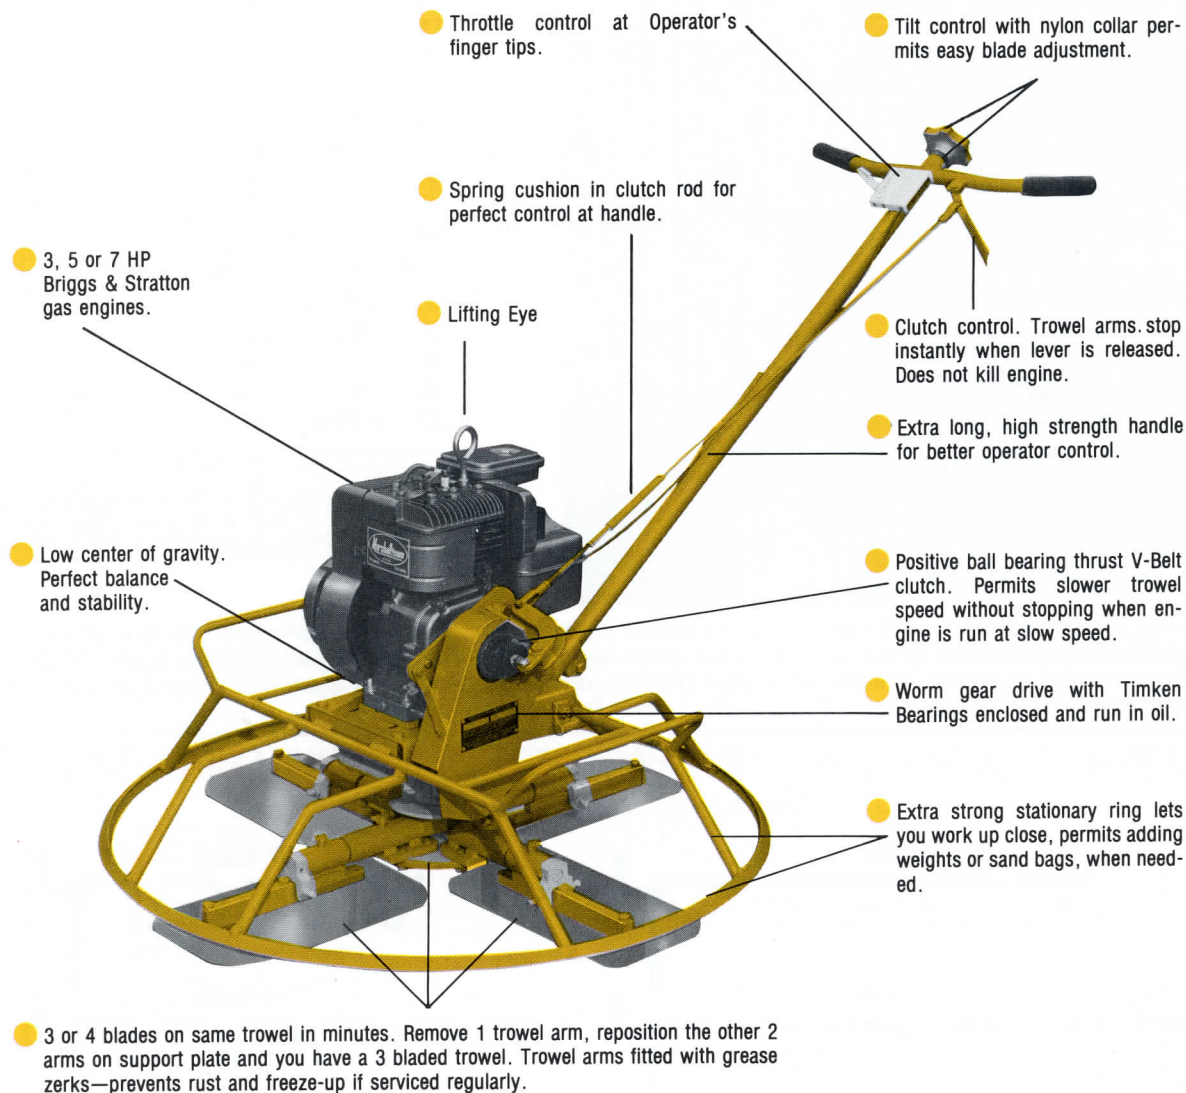

Designed with Job Profit in Mind...

MARSHALLTOWN TROWEL CO. • MARSHALLTOWN, IOWA U.S.A. 50158

### 3 SIZES — 6 MODELS — 3 OR 4 BLADE DESIGN

Rugged — Heavy-Duty Machines Built for Easy Rapid Finishing of Today's Stiffer Mixes

#### Compare These Important Features

Marshalltown Power Trowels are designed and built to keep your concrete finishing on the profit side of every job. These rugged, extra heavy-duty machines give years of service and offer many exclusive features for easy, rapid finishing of today's stiffer mixes.

Marshalltown Trowels will float and finish right up to a baseboard and in tight places, you get a smooth finish every time... in half the time... and with the lowest possible labor cost. High spots are troweled down — low spots are filled in. Low center of gravity provides perfect balance, stability and ease of operation. Equipped with standard-type gasoline engines.

#### Marshalltown Exclusive "PLUS" Features

- Extra flexibility of 3 or 4 blade troweling with the same machine. Simply remove 1 trowel arm, reposition the remaining 2 arms on the support plate and you convert, in minutes, to 3 or 4 blade troweling. This exclusive "extra" gives you unequalled versatility — the right machine for all job requirements.

- Positrol manual clutch stops trowel arms instantly when released — permits lower trowel speed. Ordinary centrifugal clutches require high engine speed and resultant high trowel revolutions for operation. Not so with the new Positrol manual clutch as clutch can be engaged or released at any engine speed. Troweling can be done at idling speed if desired. The perfect "deadman's control" — does not kill engine.

## MARSHALLTOWN POWER TROWEL SPECIFICATIONS

Model	Description	Trowel Speed—r.p.m.	Comb.* Blade	Net Wt.	Pack
